## Introduction

AAA Cranes & Logistics Heavy Equipment Rental is one of the leading company with diversified businesses which deals in equipment rental. Transportation, Hydrojetting & Chemical Cleaning, Bolt Torquing. In a short span of time AAAC made its credibility on the basis of quality services, best prices and customer satisfaction. AAAC was established in 1990, to deal in Contracting, Services and Construction related works. Our well qualified, technically proficient and highly motivated team has enabled us to surpass consistent growth & success.

At AAAC we excel at providing specialist services essential to the efficient operation of heavy process-oriented industries; Such as oil refineries, petrochemical plants, mines, cement works, pulp & paper mills, utilities, and dairy companies. We believe that quality assurance means getting it at the very first time. Quality is critical, strategic and an integral part of Our business.

AAAC represents some of the world leading equipment manufactures like Hitachi, Kobelco, Liebherr, Grove, Tadano, Terex, Caterpillar, Hyster, JCB, JLG, Genie, Compair, Comblift. In partnership with these principals, AAAC provides the following products and services:

### Our Mission:

“Setting new standards in specialized industrial Support Services.”

### Values

- Zero Harm - Care for health, Safety, Community and Environment
- People - Our Most Valuable Asset
- Customers - Working Together for Continuous Improvement
- Teamwork - Performance through Teamwork
- Innovation - Leading in Innovative Technology and Performance
- Delivery - Changing the Critical Path by Exceeding Expectations
- Quality - **100%** Right First Time
- Presentation - Proud to Stand Out
- Sustainability - Commercially Successful

### Safety & QA

AAAC's Key aim is zero harm; caring for health, Safety, Community and Environment. Setting new standards in Training and Safety, we utilize our custom – built Training Centres to provide highly specific, competency-based programs implemented by a dedicated fulltime Safety and Training Management Team.

AAAC is committed to providing safe, reliable, and practical Solution and services to our clients.

### Environmental Protection

Zero harm is one of our core values, and that extends to care of the environment. Many of our services help the environment by increasing the energy efficiency of our clients' equipment and reducing the likelihood of plant failure. We also strive to reduce the impact of our own operations on the environment.

- Extendable Flatbed trailer
- Low Bed Trailers(Normal/Hydraulic)
- Boom Trucks
- Dump Trucks
- Tankers
- Vaccum Tankers
- Pickup
- Dyna
- Mini Bus

# EQUIPMENT RENTAL SERVICES

## Light Equipment

- Power Generators
- Welding Machines
- Welding Generators
- Tower Lights
- Air Compressor
- Fork Lifts
- Man Lifts
- Scissor Lifts
- Tele Handler

## Earth Moving Equipment

- Wheel Loader
- Excavator
- Dozers
- Backhoe
- Bobcat
- Grader
- Roller Compactor

# HYDRO JETTING & CHEMICAL CLEANING

AAAC continues to set new standards in specialized high and ultra – high pressure hydro-jetting services for the petro-chemical, refining, manufacturing and utility sectors. AAAC is able to provide a complete, 'blinds to blinds' service for the cleaning of Heat Exchangers (Tube Bundles). We achieve this by owning all the necessary equipment for cleaning; Bundle Lifters, Bundle Pullers, and a wide range of high and ultra high pressure automated water jetting equipment, combined with our skilled technicians and operators.

By employing the latest technology and equipment with a genuinely multi-skilled workforce we ensure optimal performance and productivity, whilst maintaining a safety record that sets us apart from others in the industry.

AAAC continues to set new standards in chemical cleaning and is recognized as a leading specialized international industrial services provider working to the highest safety, environmental, and technical standards.

AAAC chemical cleaning division utilizes highly-trained, skilled technicians to provide innovative, safe and cost effective cleaning and metal passivation solutions to diverse industries, ranging from heavy oil refining to ultra-sterile dairy and potable water installations.

## Shutdown & Turnaround Services

AAAC continues to set new standards in the refining and process sectors, offering a complete turnaround service.

Not just the supply of labour and equipment, AAAC combines purpose built equipment and highly skilled, fully utilized teams. This allows AAAC to deliver a range of services; from project planning and estimating, through to safety and quality planning, and ultimately the execution of the work, ensuring a rapid turnaround with minimum downtime for our clients.

## Bolt Torquing & Tensioning

Technical bolting is a safe, fast, accurate, and reliable way to ensure joint integrity.

Team provides controlled loosening and tightening bolts by means of torquing and tensioning from small jobs to large turnarounds. Our trained and experienced technicians apply proven techniques to disassemble, assemble and preload verification of bolted joints. Focus is on critical elements of overall joint integrity, including flange surface quality, joint alignment, gasket selection, bolt preparation and uniform bolt loading using the most appropriate torquing/tensioning methods.

# EQUIPMENT RENTAL SERVICES

## TRANSPORTATION WASTE CHEMICALS & SEWER

- Supersucker Dry/Net
- Vaccum Tanker
- Skip
- Dump Truck
